

Vented 'Cirri' Reusable Full & Nasal Face CPAP Mask with Headstrap

Vented Reusable 'Cirri' Full Face CPAP Masks with Headstrap (PC)(S)

- 3D mask cushion provides an excellent seal without discomfort
- Cushion is easily attached and detached from the frame
- Quick release clips for easy removal of the headgear
- Innovative adjustable forehead support provides one handed adjustment and stability
- Flexible, one piece forehead pads evenly conform to the contour of the forehead
- Quiet air vent minimises noise and enables efficient CO₂ washout and reduces patient disturbance while venting air
